UTILITY NEWS

Lake Park Municipal Utilities will be converting meters to radio read meters over the summer. Before your meter is changed you will receive a letter in the mail requesting an appointment date. It would be greatly appreciated if you would be sure to call to set up this appointment at a time that will work for you. If you **do not** receive a letter at some point this summer, you have not been missed. Either your meters are already radio read or the section of town you live in is not being changed at this time.

SUMMER REMINDERS

The City ordinance requires that the grass height be less than 10" (inches) on the 1st and 15 day of the month during the months of May thru October. Residents in default will receive only 1 warning per summer season. Should a 2nd offense occur, the city will mow the property and bill the resident at a rate of \$100 per hour with a minimum of 1 hour. This also applies to areas that are typically trimmed (curbside, trees, foundations, etc.) Please honor this ordinance and maintain your grass and weeds.

While you are mowing, also be aware that you are **not** allowed to throw grass, leaves, or any yard waste into the street. This leads to blockage of storm sewer drains.

Call before you dig!!!! Iowa One Call is free. Call **811** from your land line or **1-800-292-8989** Protect yourself and others

The pool is having some repair work done. The wet spring has pushed this back a little but we still hope to have the pool open the 1st part of June. Membership and swimming lesson forms are available at the City office and on the website www.lakeparkia.com. We look forward to another great season at the pool.
