Utility Tips

Install carbon monoxide alarms and carefully follow the mfg. directions for operation, placement, and maintenance. **Keep your family safe! Get a CO detector installed**

Have you seen me? If not please dig me out of the snow or else I will stop regulating and you will be without heat

To protect your water pipes during winter, ensure your home thermostat is set above 55 degrees, insulate exposed pipes in unheated areas like basements or crawl spaces, let faucets drip during extreme cold, disconnect outdoor hoses, and know where your main water shut-off valve is located in case of a frozen pip emergency.

If your phone number has changed, please contact the utility office to have this updated. It will be easier for the office to contact you if there are issues with your utilities (leaks, outages, etc).

Friends of the Museum

The Friends of the Museum will be hosting BINGO on January 17 at the Community Center. Cards will go on sale at 5:30pm with Bingo starting at 6:00pm.

&
Lake Park Municipal Utilities

Chief Carpenter's Corner

The Lake Park Police Department hopes that you had a very Merry Christmas!

Have fun celebrating New Year's but remember to always have a sober driver.

WINTER REMINDERS

Dumping of Snow—It is unlawful for any person to throw, push, place, or cause to be thrown, pushed, or placed, any ice or snow from **private property, sidewalks, or driveways** onto the traveled way of a street or alley.

Parking Snow Ban—Between Nov 1st and Mar. 31st no vehicle shall be left standing or parked on city streets between the hours of 2:00am and 6:00am or any time during the day or night in which snow removal operations are in progress.
