

Compared to standard incandescent bulbs, ENERGY STAR® LEDs use up to 90 percent less energy and save up to \$80 in electricity over the life of the bulb. We're so convinced these newer bulbs are a great deal, we're giving our customers a *free* ENERGY STAR LED to get started.

Bring this flyer to our office to pick up your *free* LED in October or November. And when you're ready to buy more ENERGY STAR lighting, we have rebates available!
