123.01 HOUSE MOVER DEFINED. A “house mover” means any person who undertakes to move a building or similar structure upon, over or across public streets or property when the building or structure is of such size that it requires the use of skids, jacks, dollies, or any other specialized moving equipment.

123.02 PERMIT REQUIRED. It is unlawful for any person to engage in the activity of house mover as herein defined without a valid permit from the City for each house, building or similar structure to be moved. Buildings of less than 100 square feet are exempt from the provisions of this chapter.

123.03 APPLICATION. Application for a house mover’s permit shall be made in writing to the Clerk. The application shall include:

1. Name and Address. The applicant’s full name and address and, if a corporation, the names and addresses of its principal officers.
2. Building Location. An accurate description of the present location and future site of the building or similar structure to be moved.
3. Routing Plan. A routing plan approved by the street superintendent, and public utility officials. The route approved shall be the shortest route compatible with the greatest public convenience and safety.
4. Adjacent Property Owners. The property address, name, and mailing address of the owner of each parcel of real property within 200 feet of the property upon which the building is to be moved. A certified abstractor’s determination of this information may be required.

123.04 BOND REQUIRED. The applicant shall post with the Clerk a penal bond in the minimum sum of \$15,000.00 issued by a surety company authorized to issue such bonds in the State. The bond shall guarantee the permittee’s payment for any damage done to the City or to public property, and payment of all costs incurred by the City in the course of moving the building or structure.

123.05 INSURANCE REQUIRED. Each applicant shall also file a certificate of insurance indicating that the applicant is carrying public liability insurance in effect for the duration of the permit covering the applicant and all agents and employees for the following minimum amounts:

1. Bodily Injury – \$50,000.00 per person; \$100,000.00 per accident.
2. Property Damage – \$50,000.00 per accident.

123.06 COUNCIL MAY REFUSE PERMIT. The Council may decline to authorize a permit when in its judgment or discretion, a permit should be refused. However, in every case, before a permit shall be issued by the Council for the moving of a building, the Council shall give 14 days' prior notice by mailing notice by First Class United States Mail to all owners of property located within 200 feet of the property to which the building is to be moved and by publishing a notice in a newspaper of general circulation in the City, stating the location to which and from which the building shall be moved and the time and place of hearing on the application. Pursuant thereto the Council shall hold a meeting at which time objections, if any, may be heard, and the Council shall pass on the application. In the event the majority of the property owners owning adjacent property or property in proximity to the place where such building is to be moved object to the issuance of the permit, then the Council shall issue the same only upon approval by four-fifths of the members of the Council. However, this latter provision does not limit the authority of the Council to reject any application for permit for any reason which in its judgment may seem proper. The permit applicant shall be required to pay the postage, abstracting and publication fees necessary to give notice as required by this section.

123.07 PERMIT ISSUED. Upon approval of the application and filing of bond and insurance certificate, and publication of notice and completion of the meeting at which objections may be heard, the Clerk shall issue a permit.

123.08 PUBLIC SAFETY. At all times when a building or similar structure is in motion upon any street, alley, sidewalk or public property, the permittee shall maintain flag persons at the closest intersections or other possible channels of traffic to the sides, behind and ahead of the building or structure. At all times when the building or structure is at rest upon any street, alley, sidewalk or public property the permittee shall maintain adequate warning signs or lights at the intersections or channels of traffic to the sides, behind and ahead of the building or structure.

123.09 TIME LIMIT. No house mover shall permit or allow a building or similar structure to remain upon any street or other public way for a period of more than 12 hours without having first secured the written approval of the City. A permit issued under this chapter shall expire six months following the date of its issuance and it shall then be null and void.

123.10 REMOVAL BY CITY. In the event any building or similar structure is found to be in violation of Section 123.09, the City is authorized to remove such building or structure and assess the costs thereof against the permit holder and the surety on the permit holder's bond.

123.11 PROTECT PAVEMENT. It is unlawful to move any house or building of any kind over any pavement, unless the wheels or rollers upon which the house or building is moved are at least one inch in width for each 1,000 pounds of weight of such building. If there is any question as to the weight of a house or building, the estimate of the City as to such weight shall be final.

123.12 OVERHEAD WIRES. The holder of any permit to move a building shall see that all telephone, cable television and electric wires and poles are removed when necessary and replaced in good order, and shall be liable for the costs of the same.
